

# American Girl Boutique and Bistro™

**American Girl Boutique and Bistro™** is a unique retail venue where girls can celebrate special times with their families and friends in a fun and casual environment. Located in two of the country's premier shopping centers—Galleria Dallas and North Point Mall in Atlanta—the sites offer high-quality and engaging American Girl products and experiences that speak to the interests of girls ages 3 to 12.

Visitors to the American Girl Boutique and Bistro will find a complete assortment of American Girl's popular historical and contemporary dolls, along with a rotating selection of doll outfits, accessories, Dress Like Your Doll® clothing, and a variety of the company's best-selling books. Girls can also enjoy brunch, lunch, dinner, or an unforgettable dessert in the casual Bistro or treat their dolls to a new 'do in the Doll Hair Salon.

Designed as the ultimate place to celebrate girls' birthdays and other special occasions, each American Girl Boutique and Bistro features separate party rooms where girls and their friends can enjoy American Girl-themed parties, complete with organized games and activities, special food and cake, and party favors. Various girl-and-mom-friendly programs and classes based on American Girl's award-winning advice and activity books are also held throughout the year.
